

You are invited to an exclusive Land Rover experience

agenda

Nclose would like to invite you to our exclusive **Land Rover experience!**

We'll start the morning at **Simonsig Wine Estate** with a light breakfast, after which we'll then embark the newest model Land Rover vehicles and drive the off-road track. There will be driver and vehicle changes so that all get an opportunity to drive.

Apart from the 4x4ing, we'll be briefed by **Francis Cronje**, who was instrumental during the drafting and refinement of the Protection of Personal Information Bill (POPI) and acted in an advisory capacity to Parliament's Technical Working Committee on POPI. He later provided further insight to the Portfolio Committee of Justice and Constitutional Development during the finalisation of POPI.

The grand finale is an exquisite 2 course lunch, with the option of wine pairing, in the Cuvee Restaurant situated on the Estate.

We hope to see you there!
